Last of the Gifted: Spirit Sight

by Marie Powell

Two siblings pledge their magical gifts to protect their people from the invading English, with the help of the last true Prince of Wales—after his murder. Warrior-in-training Hyw can control the minds of birds and animals. His sister Catrin can see the future in a drop of water. When the Prince of Wales is murdered, Hyw’s gift allows him to meld with the prince’s spirit, to guide them in fighting Longshanks’ ruthless army.
